

07/10/2019

Dear Parents/Carers

We are delighted to announce that we have, this week, formally taken over the ownership of the premise where the Kids Place Softplay Centre used to be based – Unit 27 Vikings Way, Canvey SS8 0PB

This is very exciting times for Discovery Pre-School as we aim to create a truly outstanding Nursery & Pre-School in our very own building.

There is however some not so good news regarding our existing setting. It was always our intention, when looking to open another setting, to run both venues under the Discovery brand. Meppel Ave operating as a term time only (9-3) pre-school and Vikings Way as a 7am – 7pm Nursery and pre-school, that allows us to provide quality childcare North & South of the Island.

Unfortunately, we're sad to announce that following discussions with our landlord (Prosports Solutions) and their landlord (Procat) the new shared premises agreement Prosports signed with Procat on 1/9/2018 is not tenable for our business and not favourable for our families.

The new contract was being forced upon us and we therefore have no option other than to move the whole preschool to our new building. We intend to complete the move fully during the Easter Break in 2019 and return to our new premise thereafter, which gives all of our parents 6 months notice of this change of location. All of our children will be able to move to the new premise on exactly the same existing terms.

We understand that for some parents/carers who walk to/from the Pre-School and perhaps do not drive, the location may not be advantageous and we will therefore ensure any transition to another setting will be done smoothly and efficiently at a time convenient to you and your child.

We are offering one to one meetings with all parents/carers over the next week or so who wish to discuss what this change means for you and your child/ren. We will also be able to share our vision and plans for the new setting with you.

Please ensure you book an appointment with us to discuss in detail.

When the soft play frame is removed and the refurbishment is complete, we will invite all parents/carers to an open day/evening so that you can see the superb learning environment that we are creating for your little ones. Photos of the refurbishment will be displayed in our foyer over the coming weeks.

Details of open days and evenings will follow at our earliest opportunity.

Kind Regards

Mark & Leanne
